Statement

13th March 2026

Dear patients, colleagues, and friends of our surgery,

As many of you know, Bampton Medical Practice operates its main surgery in Bampton, with a branch site in Carterton. From April 2026, we will no longer be able to provide primary care services from the Carterton Health Centre. Our last day of clinics in Carterton will be **Friday 10th April**.

We want to reassure all our patients, colleagues, and friends in Carterton and the surrounding areas that our commitment to you has not changed.

We are working hard to secure a new premises in Carterton so that we can continue providing your primary care services locally. Unfortunately, there will be a gap between us leaving the Carterton Health Centre and moving into our new site. We do not yet know how long this gap will be, but we anticipate it may last for much of this year.

During this period, if you are registered with Bampton Medical Practice and you usually attend in Carterton, you can continue to access your care at our main site:

Landells

Bampton

Oxfordshire

OX18 2LJ

There is a Pulhams Coaches public bus service number 19 running hourly between Carterton town centre (stop outside The Old Factory Shop) and Bampton, with the stop directly outside Landells, near the Manor House. The return journey departs from the same location.

I want to make it very clear to our patients that we have no desire to leave the Carterton area and we are working closely with the local Integrated Care Board to support our move into the new premises in Carterton. To further our commitment to Carterton, we

recently applied to extend our practice boundary so that we can accept patients from all of Carterton, including Shilton. This has since been approved by the local Integrated Care Board, and we look forward to welcoming new patients soon.

On behalf of the Partners,

Dr Dominic Matthews and Dr Randeep Bhella

Kind Regards,

Helena Leslie

Practice Manager
